Amended Transmittal No. 36

Secretary  
Federal Communications Commission  
Washington, DC 20554

Attention: Common Carrier Bureau

In accordance with the requirements of the Communications Act of 1934, as amended, CenturyTel Operating Companies ("CTOC") is filing herewith revisions to the description and justification filed with Transmittal 36 which affected the following Tariffs: Tariff F.C.C. No. 2, Facilities for Interstate Access and Tariff F.C.C. No. 3, Access Service.

This filing does not affect calculation of the filed rates. Rather, the original description and justification contained an error in describing the actual calculations that were submitted. The original submission erroneously described the productivity offset applied to the PCIs for the common line, traffic sensitive and trunking baskets as being 6.5%. In fact, the productivity offset that was actually applied was the GDP-PI pursuant to 47 C.F.R. 61.45 (b) (1) (ii) and footnote 12 of the Tariff Review Plan Order (DA 04-1048).

As this filing does not affect the filed rates, there is no need to submit revised tariff pages

All calls concerning this filing can be made to me at 360 905-7918. Correspondence should be sent to me at the above address or faxed to 360 905-7979.
