REFERENCE TO OTHER TARIFFS

Whenever reference is made in this tariff to other tariffs of the Telephone Company, the reference is to the tariffs in force as of the effective date of this tariff, and to amendments thereto and successive issues thereof.

ACCESS SERVICEUSE OF THE TARIFF

This tariff contains the regulations, rates and charges applicable to the provision of Access Service by all of the Issuing Carriers listed on Title Page 2.

The regulations applicable to the provision of Access Service are contained in Sections 2 through 11. These regulations are identical for all Issuing Carriers.

Each specific Carrier's rates and charges for all Access Services are shown in Section 12. In the right hand margin of Section 12, a Tariff Section Reference is shown which references the appropriate tariff section where the application of the rate is located. If an Issuing Carrier does not presently have a rate for one of the rate elements shown in Section 12, the rate is shown as "Not Applicable" (N/A). Upon receipt of an order by a customer for the service not presently offered, the Issuing Carrier will file with the F.C.C. the appropriate information necessary to establish rates.

In Section 12, each Issuing Carrier's rates are shown in a major section such as 12.2 or 12.3 etc. Whenever reference is made in the tariff to a specific rate element in Section 12, the reference will utilize an "#" to signify that the reference refers to each Issuing Carrier's rate for that service.

Example:

Ayrshire Farmers Mutual Telephone Company's rates are all shown in Section 12.3. References to the different access services would be as follows:

<u>Service</u>	<u>Tariff Reference</u>	<u>Location in Tariff Rate Section</u>
End User Access Service	12.#.1	12.3.1
Switched Access Service	12.#.2	12.3.2
Special Access Service	12.#.3	12.3.3
Miscellaneous Services	12.#.4	12.3.4
Special Federal Government Access Services Offerings	12.#.5	12.3.5

The "#" sign in the paragraph reference signifies that the reference is to each specific company's rates for that type of access service with each specific company having a separate subparagraph number. Each company's subparagraph number is identified in the Table of Contents.
