ADSL Service is available in different levels. These levels are based on the downstream and upstream speeds chosen by the customer, but are not guaranteed. A customer may have multiple packages; however, the downstream and upstream speeds may not be substituted within a service level, as the packages are defined by the downstream and upstream speeds.

DSL access service connection service provides for the interconnection of DSL to special access, frame relay, ATM service, and/or Ethernet service.

(2) Rate Application

Three rate options are available for ADSL Service.

The monthly rate plan option is available to all end user customers.

The Term Rate Plan (TRP) rate option is available to all end user customers. The regulations applicable to ADSL Service provided under a TRP arrangement are specified below.

The Wholesale rate (WRP) option is available to customers for the purpose of combining these services with its own services to create a bundled retail service sold to its end user customers. Customers can purchase the WRP option under a term commitment arrangement, where available. Specific provisions apply to customers that purchase service under the WRP option and are specified below.

Term plans of one (1), two (2), three (3) and five (5) (C)  
years are available as provided in this tariff to all  
customers at applicable rates set forth in the tariff  
regardless of when the subscription is made for an  
ADSL Service TRP arrangement. The customer must  
designate on the order the type of payment plan  
selected.

(b) Rate Application

Upon expiration of a TRP period, the customer may  
choose a new TRP period, convert to month-to-month,  
or terminate service. The month-to-month will be those  
rates that are in effect at the time of conversion. If the  
customer fails to make a choice by the end of the TRP  
period, the ADSL Service will continue billing at the  
existing term rates and a new TRP period will begin  
based on previously effective term commitment. All  
terms and conditions, including Termination Liabilities  
will apply to the new TRP period.

Conversion to a month-to-month or different TRP  
period will require the customer to submit a change  
order. Conversion of existing TRP service to a  
different TRP period will be allowed without  
application of any non-recurring charges.
