Dear Ms. Dortch:

This letter is written on behalf of SkyBridge II L.C.C. ("SkyBridge II"), in response to a letter from Thomas Tycz to the undersigned, dated October 1, 2004 (the "FCC Letter").¹ The FCC Letter requested SkyBridge II to provide, by October 15, 2004, additional information regarding its orbital debris mitigation plan for the SkyBridge II satellite system. However, we understand from the Commission staff that the information requested need not be provided until 30 days after the effective date of the new, generally applicable rules governing disclosure of orbital debris mitigation plans,² a date which has not yet been established.³ Based on this understanding, SkyBridge II opts to await final implementation of the new rules to provide the requested information.
